

Tómiyeqw

The Coast Salish philosophy behind Tómiyeqw guides people to think deeply about any action, or inaction, they take. Tómiyeqw expresses the responsibility and connection Stó:lō people have to the seven generations past and future. Tómiyeqw reminds us to think beyond our own lifetimes and act with care for future generations.

SCHOOL GROWTH PLAN 2025-2029

Our Purpose: Honouring, Shaping and Inspiring our Past, Present and Future

We value the histories, cultures, and contributions of all who came before us. Together, we support every learner's journey by building connected, caring communities. We empower curious, courageous, and compassionate learners who have the knowledge and skills to contribute to a changing world.

We're committed to Truth and Reconciliation, lifelong learning, and shared responsibility for the future.

About the Framework

The framework helps tell the story of Chilliwack School District's purpose and vision.

The framework is a series of concentric circles which speak to the circles of care that we practice in our work. The medicine wheel sits in the outer ring. It represents the cardinal directions and the four quadrants of self: physical, mental, emotional and spiritual. The inner rings hold our values, strategic priorities, and goals. The innermost ring is student success – the priority we hold above all others.

At the heart of the framework is an illustration by artist Carrielynn Victor. It represents the concept of Tómiyeqw -- the generational lens with which we make decisions.

We plan and provide developmentally responsive and culturally sustaining instruction that fosters continuity and connectedness during key transitions across the pre-K–12 journey and beyond.

Evidence Based Decisions

We collect, analyze, and monitor student transition data – such as attendance, engagement, and learning – and collaborate within and across schools and partners to align plans and create shared understanding of student learning and well-being needs to support graduation pathways.

Timely Targeted Interventions

We implement meaningful supports during transitions through collaborative conversations and planning between students, staff, family and partners to provide connected pathways through pre-kindergarten to graduation and beyond.
